| openshift | 0 | 2 |

Pretty Graphs and Charts

Many More in Power BI Report!

- You can download from the GitHub repo for this resume.
- Power BI Report will require the Excel Workbook with Power Query and Power Pivot Models.
- Plus some Power Pivot Tables that Power BI reads from.

PDF Export Available to Download for Free!

- Beautiful PDF Export is Available
- This resume is built from parts of that report.

- I would have submitted that report, but some preliminary testing of a few PDF extractors showed that it would not pass the PDF parser likely being used by the Applicant Tracking System (ATS) that RBC Jobs is using, [Workday](#) Human Capital Management (HCM) and HR Platform.
- Top skills were absolutely used in wording this content.
 - I would normally hire a content writer but that doesn't prove how well I can write content too!
 - I am going to be passing a weighted list of keywords past this resume afterword, adding, refining, as I see fit 😊
 - Resume hacking with Power Query / Business Intelligence / Natural Language Processing (NLP)!
   with a touch of personality.
-

Portfolio Highlights / Summary

Thank You, Dear Reader, RBC Associate

- Your time is appreciated.
- Any feedback is even more appreciated.
- A chance for a new career is so greatly overwhelmingly appreciated I can't express it in words 😊.
- Tried to be as concise as possible. CONCISE is my new goal. Was BETTER before.
